

Legalization of documents: foreign hospital

write a message add to friends Specialist who left to another country on vacation or in need of service can get. In this case, the accountant will have to deal with hospital imported model in which there are a number of difficulties. The calculation will tell you how to allow them safely. Most likely there will be problems from the specialists of cases in countries which signed a special a bilateral agreement on legal assistance. In this preferred group includes Greece, Cuba, Bulgaria, Finland, CIS and other States. For confirmation of sick leaves issued on such areas does not require any special or additional procedures. It is enough just to translate the document into Russian language and notarized. If Russia does not have the above-mentioned agreement with the government where rooting a specialist company then it will have to follow the established procedures of recognition of documents. These include the procedure of apostilization in other words, on sick leave, you must affix a special stamp actually an apostille confirming the authenticity of the paper and the powers of the doctor who signed it. Perform the procedure the employee of the Ministry of justice or Ministry of foreign Affairs of the state where he was decorated with cast disability. In this case, the paper also needs to be translated into Russian language and notarize the translation. However it unfortunately cannot be considered a panacea. Certification of documents is distributed again, not on all States but only for some of them the full list is specified in the Hague Convention of 5 October 1961. The right to application of the rules set out in part 4 of article 15 of the Constitution. The most difficult algorithm to obtain money when obtaining a branded hospital have the experts who were ill in the country is not a part of any one of the above groups. In this case, you need to take care of document legalization. To start the process you need in the host country before leaving home. First, the employee needs in the Ministry of foreign Affairs or other authorized body of the state where he was decorated with the hospital to assure him. Then the same procedure must go to the consular office of the Russian Federation in the country issuing the document in accordance with Administrative regulations approved by the Ministry of foreign Affairs of the Russian Federation No. 6093 of 26 may 2008. When you return to Russia legalized the sheet of disability is necessary to translate and assure him of a notary. After that the paper should be replaced by a similar document of the Russian sample. What will have to go to a medical organization. There on the basis of the authorized foreign sick leave and
